

Artists Community

CHAIRS & STAFF Kim Goldberg | Istvan Barsony | Sisi Rodan | Avital Ben Dror

On-going Program One-time Program | Virtual Face to Face

Description

Bring together artists and art enthusiasts from Israel, US, and Budapest to develop personal, professional, and social connections.

Create2Gether – Virtual Seminar for nine artists from the US, Budapest and the WG. These artists will get to know one another and create a virtual joint exhibition at the end of the program.

Art seminar in Budapest – if CoVID-19 allows, we would have all Create2Gether 9 participants meet in Budapest in July 2022. The seminar would be the highlight of their joint journey, after a long period of connecting virtually. They will create together, hold workshops for the larger community, and exhibit their artwork in the community.

Virtual artists Community Platform – create a platform of connections with local art galleries and venues that would host art works from our P2G communities.

VirtuARTS – A series of virtual lectures by professional artists, intended for artists from our P2G communities in order to create a virtual artists community. The lectures will be open for the larger audience.

Goals
